

Microsoft Student Partner Nepal Application FAQs

How do I make the payment for the application?

There is a cost of NPR 500 that you need to submit in cash along with your application. You have to go to Microsoft Innovation Center Nepal office located in Khichapokhari, New Road and hand it over personally along with your application form duly filled and signed that should have your picture and the endorsement from your college. When will the orientation program be held?

Does the form have to be hand written?

In the last cycle of the recruitment of MSPs, it was clear that a lot of forms were copied, we encourage you to fill out the form in the most legible and clear handwriting.

Can I submit the form electronically?

The Application Form has to be handed over IN PERSON to the Microsoft Innovation Center Nepal office. If you are away from Kathmandu, then you can get special permission to be submitted electronically as well.

What are the tips for me to get selected as MSP?

The first tip is that if you try to use any 'source force' or influence, then you get disqualified in the selection process. We are looking for people who are consistent, shows leadership qualities, who can persevere and can also learn new products and technologies fast.

If I have questions whom do I ask?

Kindly direct all your questions to mic@micnepal.org so that the right persons can answer your questions.

Does each college have 2 MSPs as in the past and is it still one male and one female?

We will try to ensure that this continues however it all depends on the number of applications that we receive.

Will Microsoft Certified Professional (MCP) certifications help in being an MSP?

Definitely will be an added benefit when the selection is being done. We always do respect students who have displayed their technical competencies with their certifications.

What do you mean by Facebook URL in the form?

This is the URL for your Facebook page.
